For the dad who has a tool for everything.

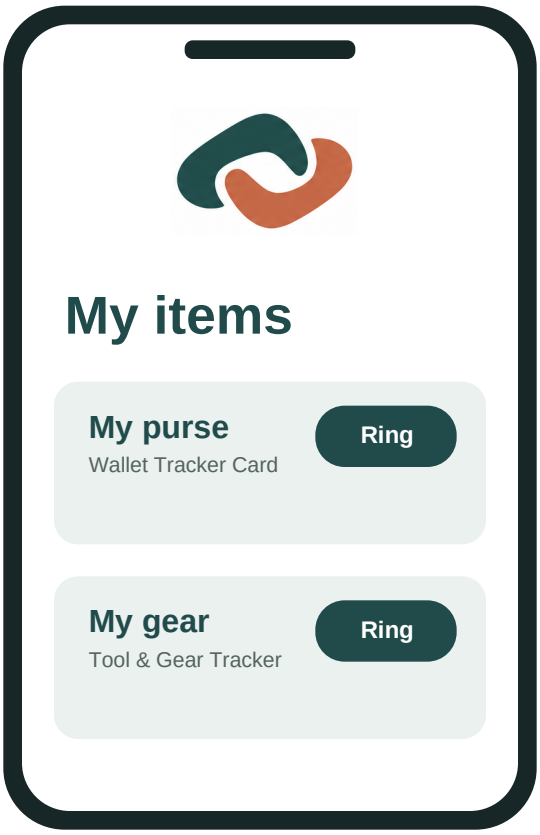

Or the grandparent with a favorite fishing kit, the weekend camper, or the friend always looking for their camera bag. A useful gift for the things they enjoy.

At a glance: 42.5 mm across x 24 mm deep. Non-rechargeable battery. IP68 when properly tightened. Includes one tracker, adhesive tape and magnetic accessory.

*Manufacturer estimates; actual battery life, sound and range vary. Metal cases can reduce reception. Outdoor finding relies on nearby compatible phones. Styling is illustrative; gear not included. Apple specs Tile specs

A little setup.
A lot less searching.

Your wallet, purse and gear, brought together in the RallyPoint app.

App screen illustration.

1 Open your app.

Create your RallyPoint account on your iPhone or Android phone.

2 Pair it. Place it.

Activate your tracker, name the item, and slip it into your wallet or purse, or secure it with your gear.

3 Give it a ring.

Use the app to sound a nearby tracker. Away from you? Check its latest available location report.

No subscription fees.

No monthly bill. No charging routine.

A gift that is ready to use. Pair it together, name the item, and try the sound before it goes into a wallet, purse or gear bag.

iPhone & Android. RallyPoint app planned for the App Store and Google Play at launch. Apple Find My / Google Find Hub network options depend on the tracker version.

Nearby ringing requires Bluetooth. Remote reports need compatible phones nearby and may be delayed or unavailable, especially off-grid. Check the report time. Not live GPS or guaranteed recovery.
